## Activity

After a nine month product development process, Farz Launched the project by delivering 30 goats to the 5 rural poor family after finding them according to the criteria on the occasion of Project Launching ceremony. The goats got insured for their life, theft and lose by natural disaster after the inspection by the insurance company. Vaccination process administered. The goats handed over to the community after tagging them. During the speeches all participants paid their gratitude to Farz Foundation and Mr. Babar Hassan Bharwana for doing such a noble job to support the poor people of the area. Farz Foundation's GM and CEO expressed their will to set the project as a milestone in the world of Islamic Microfinance.
